ACADEMIC CALENDAR, 1923-1924

1923 **Spring Quarter**

March 26, Monday.....Registration day.
March 27, Tuesday.....Instruction begins.
May 30, Wednesday.....Memorial Day—Holiday.
June 9, Saturday.....Annual Alumni dinner.
June 14, Thursday.....Commencement.
June 13, 14, Wed., Thurs.....Examinations.
June 14, Thursday (noon).....Quarter ends.

Summer Session

June 18, Monday.....Registration day.
June 19, Tuesday.....Instruction begins.
July 4, Wednesday.....Independence Day—Holiday.
August 15, Wednesday.....Commencement.
August 16, 17, Thurs., Fri.....Examinations.
August 17, Friday (noon).....Summer Session ends.

Autumn Quarter

September 21, Friday.....Faculty meeting.
September 24, Monday.....Registration day.
September 25, Tuesday.....Instruction begins.
November 29, Thursday.....Thanksgiving—Holiday.
December 19, Wednesday.....Commencement.
December 19, 20, Wed., Thurs.....Examinations.
December 20, Thursday (noon).....Quarter ends.

1924 **Winter Quarter**

January 2, Wednesday.....Registration day.
January 3, Thursday.....Instruction begins.
March 30, Thursday.....Commencement.
March 20, 21, Thurs., Friday.....Examinations.
March 21, Friday (noon).....Quarter ends.

Spring Quarter

March 24, Monday.....Registration day.
March 25, Tuesday.....Instruction begins.
May 30, Friday.....Memorial Day—Holiday.
June 7, Saturday.....Annual Alumni dinner.
June 12, Thursday.....Commencement.
June 11, 12, Wed., Thursday.....Examinations.
June 12, Thursday (noon).....Quarter ends.

Summer Session

June 16, Monday.....Registration day.
June 17, Tuesday.....Instruction begins.
July 4, Friday.....Independence Day—Holiday.

Ph. B., University of Chicago, 1898; M. A. University of Illinois, 1899.

CLARK, ROBERT.....Professor of Psychology and Biology
A. B., Amherst College, 1892; M. A., 1902.

**CURRAN, MARGARET CRAIG (Mrs.).....
.....Director of Teachers' Service Division
A. B., Columbia University, 1918.

**DAVIS, SHELDON E.....President and Professor of Education
B. S., University of Missouri, 1907; A. B., 1908; M. A., 1909; Ph. D., Columbia University, 1917.

GARVER, FRANK H.....Professor of History and Economics
A. B., Upper Iowa University, 1898; M. A., 1908; Ph. D., Iowa State University, 1911.

**Light, Lee R. ..... Professor of Rural Education
B. S., Kansas Agricultural College, 1915; M. S., 1916.

**McBAIN, J. FORD ..... Professor of Science
A. B., Michigan State Normal College, 1906; M. A., Columbia University, 1917.

McCULLOUGH, LINDEN ..... Director of Training
A. B., Lake Forest University, 1904.

Assistant Professors

MACKIE, RANSOM A. ..... Assistant Professor of Education
M. A., Clark University, 1912.

PHILLIPS, VELMA ..... Dean and Assistant Professor of Home Economics
Ph. B., University of Chicago, 1915; M. A., Columbia University, 1918.

**TROXELL, ELEANOR ..... Supervisor of Primary Training
B. S., Columbia University, 1919.

Instructors

**ALBERTSON, GENEVIEVE ..... Training, Grammar Grades
A. B., State University of Montana, 1921.

**CLULEY, JOHN B. ..... Mathematics
A. B., University of Wisconsin, 1922.

**DORCHESTER, DELIA ..... Training, Grammar Grades
Graduate State Normal School, Potsdam, New York.

**DURHAM, JO I. ..... Training, Sixth Grade
Graduate West Texas State Normal College.

**ENGLUND, SIGRID ..... Training, Fifth Grade
B. S., Kansas State Normal School, 1918.

FINCH, HELEN EDITH ..... Violin

**FLETCHER, ELIZABETH BRODWATER ..... Training, Third and Fourth Grades
A. B., University of Washington, 1922.

**FRASIER, CLARK MELVILLE ..... Training, Grammar Grades
A. B., Colorado State Teachers' College, 1922.

FREE, LILIAN R. ..... Library Economy
Student, University of Wisconsin.

HAYDEN, MAY T. ..... Training, First Grade
Student, Columbia University.

HENDRICKSON, HILDA O. ..... English and Dramatics
A. B., University of Wisconsin, 1923.

**INNES, MARY LYLE ..... Training, First Grade
B. Pd., Montana State Normal College, 1916.

KNUDSON, LUCRETIA SNYDER.....Penmanship
Student Illinois State Normal University; Graduate Palmer School of Penmanship.

LEACH, MARIAN.....Home Economics
A. B., State University of Montana, 1920.

**MILLER, ADELAIDE H.....Physical Education
B. S., University of Wisconsin, 1922.

**NASH, NINA M.....Supervisor, Intermediate Grades
B. S., Columbia University, 1920.

**NOEL, MABEL E.....Training, Lower Ungraded Room
Graduate Winona State Normal School, 1913.

NORRIS, JULIA.....Training, Third Grade
Ph. B., University of Chicago, 1921.

**POLLOCK, EDNA HELEN.....Training, Sixth Grade
A. B., Iowa State Teachers' College, 1916.

RAGON, OLLIE ELDORA.....Drawing
B. S., Columbia University, 1915.

**REGAN, HELEN L.....Training, Rural School
Graduate Montana State Normal College, 1913.

**RUSSELL, ALICE ELIZABETH.....English
A. B., University of California, 1918.

SCHICK, MARGUERITE.....Training, First Grade
A. B., University of Idaho, 1913.

**SHORTT, BERT.....Training, Fifth Grade
Graduate Illinois State Normal University, 1909.

**SIPPLE, HELEN.....Training, Kindergarten
Graduate Winona Teachers' College, 1916.

**STUFFT, CLELLA.....Training, Grammar Grades
A. B., University of Nebraska, 1916.

**TATTERSALL, PLUMA K.....Training, Fourth Grade
Graduate Montana State Normal College, 1903.

TELLO, MARGARET POINDEXTER.....Piano
Graduate Cincinnati Conservatory of Music.

THOMASON, CAROLINE WASSON.....Teachers' Service Division
A. B., Whitman College, 1908; M. A., University of California, 1921.

**VAN de WALKER, PAULINE.....Music
Graduate Mount Pleasant Normal School and of Music Department, Hillsdale College.

**WHITE, FRANCES CAROLINE.....Training, Second Grade
A. B., University of Washington, 1922.

WISEMAN, J. SCOTT.....Manual Training
B. S., Teachers' College, Columbia University, 1909.

Assistants

BALLARD, CHARLOTTE M. ..... Kindergarten Pianist
BOGER, MARIE ..... Stenographer, Training School
CLAPP, JEWELL MONTANA ..... Stenographer, President's Office

FACULTY STANDING COMMITTEES

ASSEMBLY:
Clark, Hildreth, Russell, Tello, Van de Walker.

ATHLETICS:
McBain, Cluley, Frasier, Miller.

AUDITING:
Albertson, Clark, Pollock.

CLASSIFICATION AND REGISTRATION:
McBain, Carson, Cluley, Light, Mackie, Troxell.

CURRICULUM:
All Professors.

ENTERTAINMENT:
Light, Mackie, Stufft, Tello, Van de Walker.

PUBLICITY:
Garver, Degan, McCullough, Mackie.

RECOMMENDATIONS:
Light, Clark, McCullough, Phillips, Russell.

SERVICE:
Light, Carson, Garver.

SOCIAL AFFAIRS:
Phillips, Cluley, Frasier, Garver, Leach.

STATE FAIR AND MUSEUM:
Curran, Englund, Knudson, McCullough, Ragon.

STUDENT HELP:
Nash, Free, Phillips.

The first named in each committee is chairman.

The President is chairman of the curriculum committee.

** Graduate of a normal school.

The University of Montana

HISTORICAL SKETCH

An Act of Congress, approved February 18, 1881, dedicated for university purposes in Montana seventy-two sections of the public domain. The Enabling Act, providing for the organization of the State of Montana and its admission to the Union, February 22, 1889, confirmed this grant to the State and added 100,000 acres for a school of mines, 100,000 for normal schools, and 140,000 acres for an agricultural college.

The Third Legislative Assembly of the State of Montana, in February, 1893, enacted laws providing for the establishment of all these institutions, and locating the State University at Missoula, the State School of Mines at Butte, the State Normal School at Dillon, and the State Agricultural College at Bozeman.

As the lands granted for higher educational purposes, together with timber or stone thereon, have been sold, the proceeds have gone into permanent funds invested for the various institutions, and the interest on these funds, together with the rentals of unsold lands, has been used for the support of the respective institutions. These maintenance sources have been supplemented with appropriations made each subsequent biennium by the Legislative Assembly, which also provided for the erection of buildings at the expense of the State.

These institutions were administered independently by the local executive boards for some years under the general supervision of the State Board of Education. By a law of 1909 the powers of the local boards were more closely defined and the direction of the State Board of Education made more effective. By the enactment of Chapter 92 of the Laws of the Thirteenth Legislative Assembly in 1913 the four institutions were combined into the University of Montana under the executive control of an officer whose title is Chancellor.

The State Normal College

HISTORICAL SKETCH

The Act of Congress under which the State of Montana was admitted to the union set aside one hundred thousand acres of the public domain for the establishment and support of a State Normal School. In pursuance of the same plan the Legislative Assembly of Montana established the State Normal School in 1893. The committee having charge the erection of a building began work in 1893. The Legislature of 1897 created an Executive Board which selected a president and faculty, the first session of the school opening September 7, 1897.

By an act of the Eighth Legislative Assembly, which became a law February 25, 1903, the name of the institution was changed to the Montana State Normal College.

PURPOSE AND SCOPE

The State Normal College prepares teachers for the public schools of Montana. It accomplishes its work through professional courses, directed observation of expert teaching, and actual teaching under expert supervision in a public school. The two years curricula permit specialization in kindergarten, primary, intermediate, grammar grade or rural work. The Normal College diploma authorizes its holder to teach in any public school in the state for six years without examination. After twenty-seven months of successful experience in Montana, graduates are granted life certificates by the State Board of Education.

Graduates of the two years curriculum are granted junior standing in the State University. Students who earn credit after receiving the diploma are granted hour for hour credit up to a maximum of one year in subjects of college or university character. Graduates of either the two or three years curricula who transfer to the State University must satisfy restricted elective and major department requirements; they are exempt from the required work in English composition and physical education.

The Normal College offers no certificate at the close of the first year, but students who find it necessary to teach before earning a diploma are able to secure a second grade certificate valid in the State for two years by completing courses in the required subjects.

According to law,Normal College (University of Montana) grades in such subjects are accepted upon certificates in lieu of grades earned by examination. Certificates acquired in this way represent no loss of time since all work done is credited toward a diploma.

BUILDINGS AND CAMPUS

The Normal College buildings are well constructed and arranged. The main building with its class rooms, library, laboratories, and auditorium, is situated less than a hundred yards from the Residence Halls. These halls, and a dining hall, provide comfortable home life for two hundred and fifty women students and excellent accommodations at cost. The campus, upon a slight elevation at the edge of Dillon, is of ample size and well supplied with shade trees.

SURROUNDINGS

The State Normal College is located at Dillon, in Beaverhead County on the Oregon Short Line Railroad, seventy miles south of Butte. Dillon, altitude 5100 feet, is a modern city of about three thousand population. It is a city of trees and homes. Facilities for recreation are excellent. Excursions and picnic parties find interesting objectives among the mountains, canyons, and forests in the vicinity.

THE TRAINING SCHOOLS

The public schools of Dillon, maintained jointly by the College and the local school board, constitute the Training School. The Training School buildings, erected and equipped by the Dillon School District, at a cost of nearly $300,000, are conveniently located and admirably adapted to their purpose. The new building is a model of modern school architecture and equipment.

The Montana state course of study, supplemented and adapted by a strong teaching staff, provided with liberal equipment, is the basis of the Training School curriculum. Student teachers, after thorough preliminary training and a preparatory course in observation and participation, are made responsible for results in the actual schoolroom.

EXPENSES OF STUDENTS

GENERAL FEES

A matriculation fee of five dollars is charged for entrance to the University of Montana. Payment of this fee in any institution of the University provides entrance to all. Registration fee is five dollars per quarter. A separate fee of fifteen dollars is charged for attending all or part of the summer session.

SPECIAL FEES

Non-resident tuition fee	$25.00 per quarter
Late registration fee	2.00
After end of first week	4.00
Change of enrollment after first week	1.00
After second week	2.00
Removal of "incomplete"	2.00
(Not due to illness or fault of institution)	
Special examinations	2.00 each
Extra transcripts of records after the first	1.00 each
Diploma fee	1.00

Special music fees (see page 37).

NON-RESIDENT FEES

From and after September 1, 1923, all students not residents of the state of Montana, unless matriculated before that date in the institution in which they register, will be required, in addition to all other fees, to pay a special non-resident fee of $25 per quarter (or $37.50 per semester). No person will be considered eligible to register as a resident of the State of Montana unless he has resided in the state for the twelve months next preceding the date of proposed registration, and no person will be considered to have gained residence in the state while a student of the University of Montana unless or until his parents move into the state and acquire bona fide residence there.

GENERAL DEPOSIT

A general deposit of ten dollars is required to cover loss and breakage. This amount is to be kept constantly at ten dollars, unused balance to be returned to student. Deposit balances not claimed within thirty days of the close of the quarter or term for which they were paid revert to the special fund of the college.

BOARD AND LODGING

The Residence Halls supply comfortable and convenient accommodations for women. They are attractively furnished and each room in the new hall is provided with hot and cold water. Tastefully furnished reception rooms, a recreation hall, a laundry, and a sewing room

are provided for the use of the students. The new dining hall and the new recreation room greatly add to the comfort and convenience of the students.

All rooms are equipped with single beds. All rooms are large enough to accommodate two persons comfortably, and no reservation for one occupant is made. With the exception of towels and dresser scarfs, all rooms are completely furnished. The schedule of room charges follows:

In the new residence hall	$7.75 per month
Corner rooms in the older halls	$6.25 per month
Inner rooms with two windows	$5.75 per month
Inner rooms with one window	$5.25 per month

Since the demand exceeds the number available, preference is given to younger students in assigning rooms. Applicants for rooms in the halls should state age.

The charge for table board is $22.00 per month. Since board is provided at actual cost, and tables must be arranged for regular boarders, no deductions are made for absences at week ends or vacations except at the Christmas recess. Board and room are payable by the month in advance. Make all checks payable to the Normal College.

A deposit of five dollars is required to reserve a room in the residence halls. For this amount a room will be held only three days after opening of school unless the College is notified of unavoidable delay or change of plan. If no explanation of student's failure to claim a reserved room is received, three dollars of the reservation fee will be returned. When the room is vacated this deposit will be returned to the student, if room and furniture have not been injured more than is to be expected in ordinary wear and tear; otherwise part or all of the amount will be retained for repairs and replacements. Room deposits will be returned to prospective students who have made the payment in order to insure reservation and later find it impossible to attend; in all such cases the College must be notified within three days so that rooms may be let to other applicants for reservations.

Students who room in private homes and board at the College dining room, may keep their living expenses within about the same limits as those indicated above.

REFUND OF RAILROAD FARE

In accordance with the provisions of Chapter 49, Session Laws of 1923, and under regulations established by the State Board of Education, railway fare in excess of fifteen dollars actually paid by any student for a round trip between his Montana home and any institution of the University of Montana, once each year, will be refunded. Students must present receipts for the fare thus paid.

REQUIREMENTS FOR ADMISSION

Applicants for admission must be at least sixteen years of age and must present evidence of good moral character.

The completion of a high school or preparatory course of four years is the standard for regular entrance. This must include at least fifteen units of work. A unit is the amount of work represented by the successful completion of one subject pursued for a school year of not less than thirty-six weeks with five recitations per week each recitation period being not less than forty-five minutes net. Two periods of laboratory, shop, or drawing work count as one recitation. The required units must include three units in English composition and literature and one in American history and government.

Graduates of any Montana high school or academy fully accredited by the State Board of Education, or of any high school or academy in another state accredited by the North Central Association, are admitted to regular standing by the presentation of an official certificate of graduation.

Graduates of any other secondary schools outside of Montana are admitted on the presentation of an official certificate of graduation, if the school maintains on the basis of regular inspection, accredited relationship with the state university or any other university within the state included in the membership of the Association of American Universities.

After July 1, 1924, entrance examinations will be required of all who do not rank in the upper two-thirds of their high school graduating classes.

On and after September 1, 1927, graduates of accredited high schools may be admitted to the University of Montana without examination only when their secondary courses included the following: Three units of English; one unit of American history, and at least two other units from each of three of the following groups: mathematics, history and social science, laboratory science, and foreign language.

Any other person must, in order to be admitted to regular standing, pass a satisfactory examination on not less than fifteen units of secondary school work; provided, that any graduate of a Montana high school accredited by the State Board of Education for the work of only one, two, or three years, may receive entrance credit without examination upon such work as has been successfully completed in such accredited courses, as shown by official certificates.

Those who expect to take entrance examinations must notify the Registrar in advance, stating what subjects they desire to take by examination. Such examinations will be conducted upon request Friday and Saturday of the opening week of each quarter or term.

ADMISSION FROM OTHER COLLEGES AND UNIVERSITIES

Students entering from other schools of college rank must furnish evidence of honorable dismissal. Upon presentation of official records from institutions of approved standards advanced standing will be given in so far as courses completed correspond to those required or accepted by the Normal College.

ADVANCED STANDING BY EXAMINATION

Teachers of experience who have taken work in collegiate institutions from which it is now impossible to secure adequate records, or who feel that through long teaching experience and private study the content of required college courses has been mastered may be given opportunity to secure advanced standing by examination. Such examinations must be taken before completion in the Normal College of advanced courses in the same subject, and no examination for advanced standing may be taken after an attendance of three quarters. Questions used and papers written by applicants for advanced standing will be filed and preserved as part of the student's record. Upon request examinations for advanced standing will be conducted Friday and Saturday of the opening week of each quarter or term.

CONDITIONAL ADMISSION

The entrance requirement of graduation from a four years accredited high school course, including at least fifteen units of credit, may be modified in individual cases by permitting the conditional admission of a student if he has at least fifteen entrance units and has been in regular attendance in a fully accredited high school for four years.* To acquire regular standing such a student must present a total of sixteen entrance units. He must make up the number lacking in one year from the date of his first registration.

SPECIAL STUDENTS

Students eighteen years of age or over may be admitted without the usual entrance units, as special students if they can meet the requirements of the accompanying teachers certificate standards.

---

* These fifteen units must include three units of English composition and literature and one unit of American history and government. No less than one full unit in any subject will be accepted and a student offering foreign language as a part of his preparation must present at least two units in one language.

TEACHERS CERTIFICATE STANDARDS

For the information and convenience of teachers, the certificate credit standards and regulations applied in all Montana schools are here published.

Standards for credits accepted on teachers' certificates established for summer schools and the institutions of the University of Montana and jointly adopted by the executives of the University of Montana and the state board of educational examiners on January 16, 1920, to be effective on and after June 7, 1920, as amended by the state board of educational examiners on March 12, 1921 and March 31, 1923. No certificate credits obtained prior to the latter date will be altered by these provisions:

A. Regulations for those seeking credits on certificate subjects, but not seeking to meet the legal requirements for nine weeks of normal training as set forth in Chapter 131, Session Laws of 1923:

(1) Before taking courses accepted for credit on second grade teachers' certificates at Montana summer schools and at any of the institutions of the University of Montana, candidates must have had a minimum of two years of high school training or its equivalent.

(2) Before taking courses accepted for credit on first grade teachers' certificates at Montana summer schools and at any of the institutions of the University of Montana, candidates must have had a minimum of three years of high school training or its equivalent.

(3) Before taking courses accepted for credit on professional grade certificates, candidates must be graduates from an accredited high school or have had an equivalent preparation.

(4) From and after September 1, 1924, the minimum academic and professional preparation for the issuance of any certificate listed in the foregoing sections shall be graduation from a four year accredited high school or its equivalent and twelve quarter credits of professional training as defined in regulations to be established by the state board of educational examiners. After September 1, 1926, this minimum of academic preparation shall be graduation from a four year accredited high school or its equivalent and twenty-four quarter credits of approved academic and professional preparation; and from and after September, 1929, said minimum shall be four years of high school preparation, or its equivalent and forty-eight quarter credits of approved academic and professional preparation. This law shall not be construed to prevent the renewal of any first grade, professional, or state certificate issued prior to the passage of this Act.

No state or life certificate shall be issued after September 1, 1924, to any teacher who does not have two years of college, normal school,

or university training in addition to four years of high school preparation or their equivalents. This shall not prevent the renewal of state certificates issued prior to the passage of this Act.

(5) "Equivalent preparation" shall be determined in the several institutions of the University of Montana by the administrative machinery which now exists for the determination of entrance and advanced standing credits of all students therein; but teaching experience shall not be counted as academic preparation. In the schools not under the control of the University of Montana "equivalent preparation" shall be determined under rules and regulations fixed by the superintendent of public instruction.

(6) Certificate subjects shall be measured in terms of hours of classroom work of approximately 60 minutes each with an average preparation of one hour and 30 minutes. The minimum number of classroom hours for each certificate subject shall be as follows:

SECOND GRADE		FIRST GRADE	
Reading	45	American literature	45
Writing	15	Physical geography	45
Arithmetic	45	Elementary Psychology	45
Spelling	15	School Management	30
Grammar	45	PROFESSIONAL	
Geography	45	School law	15
Physiology and hygiene	30	Educational psychology	45
U. S. History	45	Principles of education	45
Civics	45	STATE	
Theory and art	45	English Literature	45
Agriculture	45	History of education	45
		General history	45

(7) Fifteen or sixteen hours of classroom work will constitute a normal weekly program. Students of exceptional ability may with the approval of the faculty be permitted to carry a maximum of twenty hours of class work per week.

Excessive class registration which necessarily limits the quality of the work may be deemed sufficient ground for withholding certificate credit. No certificate credit will be recognized if earned in a class enrolling more than forty students unless it can be shown that such class was conducted by a teacher of superior ability and under favorable conditions.

(8) The same standards shall also apply to the credits obtained through correspondence courses which are completed after June 7, 1920.

(The above standards apply only to the submission of credits in lieu of examination. Any one who has had two years of high school work and twelve weeks of normal training may write upon an examination for any of the above grades of certificates).

B. Standards for those seeking to meet the legal requirements of nine weeks of normal training as set forth in Chapter 131, Session Laws of 1923.

(1) Students must have a minimum academic preparation of two years of high school work or its equivalent as stipulated in Chapter 102, Revised Codes of Montana, 1921.

(2) Any study carrying and passing in 135 classroom hours of work will be considered as having met the requirements of nine weeks of normal training. One classroom hour of credit shall be interpreted to mean two and one-half hours in class and preparation (as fixed under A (6) above).

(3) Such students shall also conform to the other standards set forth in A (6) and (7) above.

(4) Two-thirds of the work in the nine weeks of normal training shall be in the above certificate subjects.

(5) Professional courses in life certificate subjects may be accepted as meeting the conditions in (5) above for persons seeking professional, state and life certificates.

REQUIREMENTS FOR GRADUATION

Two years of three quarters each are required to complete the course. The accompanying outline indicates the subjects in which courses must be completed. Ninety-six credits for the diploma are the quantitative requirements. A year of resident study is required of all candidates for the diploma regardless of the amount of advanced standing with which they enter.

First Year		Second Year	
Arithmetic	4 cr.	School management and law	4 cr.
Grammar	4 cr.	Method	4 cr.
Reading—literature	4 cr.	Modern education	3 cr.
American history	4 cr.	Economics	4 cr.
American government	4 cr.	Music	3 cr.
Geography	4 cr.	Directed teaching	8 cr.
Drawing	4 cr.	Elective	22 cr.
Psychology	4 cr.		
Principles of education	4 cr.		
Composition	4 cr.		
Physiology and hygiene	3 cr.		
Observation	2 cr.		
Penmanship	1 cr.		
Spelling	1 cr.		
Library economy	1 cr.		
Total	48 cr.	Total	48 cr.

RESTRICTIONS UPON ELECTIVES

All students are required to earn two credits in physical education, each quarter being given one-half of one credit. Students whose high school course included (a) but one unit of history elect not less than six credits in the College, (b) no laboratory science, elect six credits in laboratory sciences. Women whose high school course included no home economics elect six credits in home economics.

EXEMPTIONS

The purpose of the Normal College curriculum is to give each student maximum professional development rather than to insure a uniform type of teacher. Following this ideal, students are systematically exempted from required courses whenever it appears that a considerable proportion of their content might be unprofitable repetition of previous experience or training. In lieu of such exemptions, an equal amount of elective work must be completed. Teacher-training high school graduates who establish an excellent record in college classes are exempted from a limited number of courses; students having completed a course in economics are exempted from economics; teachers of successful experience in closely supervised school systems may be exempted from elementary courses in the subjects they have taught and carry advanced work in the same or related fields. In the same way, experienced teachers, after demonstrating ability and probable limit of profitable contact with the training school, may be excused from further directed teaching and permitted to elect other work.

REGISTRATION AND STANDARDS

Normal registration is for sixteen credits. Successfully carried during a twelve weeks quarter, this means completion of sixteen credits. Only students who have demonstrated superior ability may undertake more than this amount of work. Classifying for more than a normal program requires a "petition for excess work," indicating previous record, reason for attempting additional work and a health statement from the school nurse.

Students are expected to register the first day of the quarter or term; late entrance is usually considered sufficient ground for reduction of registration or credit in proportion to the number of days the student has been out of class.

SCHOLARSHIP STANDARDS

Grades are reported in per cents. The passing mark is 75. A grade of less than 75 is recorded F (failure). "Failure" indicates no credit; the subject must be taken again. D, "Dropped," is reported when a student withdraws from class without completing enough work to be worthy of credit or qualitative estimate. "Inc." (incomplete), is reported when a student has completed satisfactorily an insufficient

amount of work to earn full credit. For every "Incomplete" grade reported, a special "Report of Incomplete Work" card is filed in the office explaining fully what must be done in order to complete the course. Incomplete grades become D twelve months after the student leaves school, unless work is completed.

Honor points may be earned according to the following scale:

Grade	Honor Points
75— 79	No points
80— 84	One point per credit
85— 94	Two points per credit
95—100	Three points per credit

The number of honor points required for graduation must be equal to the number of credits earned in the Normal College.

The candidates for graduation constituting the twenty per cent with the highest number of honor points per credit made in attendance at this institution are accorded special recognition as honor students.

Students in regular attendance who fail to complete satisfactorily one-half of a normal credit program during any quarter are not eligible to enter for the work of the next quarter unless reinstated by the faculty. Students in regular attendance who do not earn forty honor points during their first nine months of resident attendance are automatically eliminated unless reinstated by the faculty. Students who are considered physically, morally or temperamentally unfit to teach will not be recommended by the faculty for a diploma.

CONDUCT AND SCHOLARSHIP REPORTS

All who enroll as students are expected to regulate their personal and social conduct in conformity with college and residence hall requirements. Those who are not able to deport themselves in accordance with the restrictions which experience has found essential to the well-being of the institution, can hardly be rated as promising prospective members of the teaching profession, or worthy of recommendation. It is expected that students will make school work their first interest rather than recreation, however, innocent and valuable. Reports of each student's work are sent to parents at the close of each quarter.

MISCELLANEOUS INFORMATION

STUDENT SELF HELP

Energetic students of limited means are usually able to earn part, or in some cases all, of their expenses while attending the Normal College. There are opportunities for earning room and board at the residence halls, and for doing housework in private families. In finding work for students, the committee gives preference to those who are most capable and in greatest need of help. Young men or women who

must spend a considerable portion of their energy in earning their way through school should not expect to carry a full program of studies, and to participate largely in student activities.

ATHLETICS

The athletic field and campus afford opportunity for tennis, baseball, track work and sports of like character. Four tennis courts are provided. Several intercollegiate contests were conducted during the year. Each year a tennis tournament and an interclass basketball tournament are held. A May festival supplies opportunity for a public exhibition of the work accomplished in the physical education during the year.

GLEE CLUB AND ORCHESTRA

Under direction of the music department a glee club is conducted. Glee club and chorus work may be elected by all who can sing. Those who have orchestral instruments are urged to bring them.

ENTERTAINMENT

Many functions of an informal character are given for social development and diversion. Recitals are regularly given by the music department and amateur performances are staged by various student organizations. Out of town talent is brought to the college whenever possible.

PUBLICATIONS

The University of Montana Bulletin, Normal College Series, is issued quarterly. The annual catalog, announcements of the summer quarter and the Teachers' Service Division are included in this series. The Normal College Index is a monthly professional periodical for grade and rural school teachers. The Montanomal, a bi-weekly, is published by the student body.

The "Chinook," under the direction of the Senior class, is an annual publication representing lighter phases of school life and sentiment.

LIBRARY

The library contains about fifteen thousand bound volumes and a considerable number of pamphlets. Books have been selected and catalogued with a view to the professional function of the school. The reading room is well supplied with standard newspapers and periodicals, including all literary, scientific and educational magazines of value in training or broadening the outlook of Normal College students. The open shelf plan is used and books may be withdrawn for home use. The Public Library of Dillon, also used by students of the College, is exceptionally well selected.

RECOMMENDATION OF TEACHERS

The recommendation of teachers for public school positions is carried on by a committee according to a thoroughly organized plan by which unqualified approval can be secured only by the strongest candidates. So far as possible a full and accurate estimate of each applicant's merits and defects is furnished. The primary obligation of the committee is to children who are to be taught rather than to students in need of positions. If the committee has a first class teacher to recommend, records sent to school boards or superintendents indicate specific qualities of strength. If it proves impossible to furnish an entirely satisfactory applicant, a frank statement of qualifications is made. Until the supply of strong teachers more nearly equals the demand many schools will be confronted with the unfortunate necessity of choosing among several more or less unsatisfactory applicants, concerning each of whom trustees are entitled to complete and unbiased professional information.

For students who have attended the college but a short time, the committee can make only a statement of academic standing, and in the case of experienced teachers, pass on to inquiring school officials any credentials the applicant may possess. The mere fact that a teacher has spent a few months at the Normal College should not be accepted as evidence of professional fitness for a teaching position. Neither the committee nor members of the faculty write "general recommendations" to be carried by the applicant; either the committee or members of the faculty will reply to specific inquiries concerning the fitness of any student for a given position or kind of work.

HIGH SCHOOL SCHOLARSHIPS

In order to promote the attendance of students of ability and promise upon the several institutions of the University of Montana it is the declared policy of the State Board of Education to provide for the awarding of scholarships to be known as High School Honor Scholarships to graduates of the accredited public high schools of the state.

The principal of each fully accredited high school in the state may nominate from each year's graduating class from one to four members, depending upon the size of the class (but not more than two for any institution), to be the recipients of high school honor scholarships. These scholarships exempt the holders from the payment of customary fees in any of the institutions of the University of Montana. Blanks for the nomination of scholars, with detailed statement of conditions, will be furnished to the principals.

Any scholarship will be valid only so long as the holder is in attendance upon some regular course leading to graduation, and maintains a standard of scholarship and regularity of attendance satisfactory to the faculty of the institution of the University of Montana at which he is in attendance.

AGRICULTURAL CLUB SCHOLARSHIPS

Upon notice from the State Leader of Boys' and Girls' Agricultural Clubs of the awards of the annual club contests, the Chancellor will authorize the issuance of Agricultural Club Scholarships to the winners of first place in any agricultural club contests in any county in Montana, and to winners of first, second and third places in the state agricultural club contest. These scholarships exempt the holders from the payment of the customary fees in any of the institutions of the University of Montana.

MONTANA FEDERATION OF WOMEN'S CLUBS SCHOLARSHIPS

Upon the nomination of the officers of the Montana Federation of Women's Clubs, the State Board of Education has authorized the award of one scholarship each year in each institution of the University. The holders of such scholarships are exempted from the payment of all customary fees, except the special tuition fees in music. They are expected to make the required course deposits.

The Federation of Women's Clubs assumes the payment of expenses for board, room rent, and necessary books.

LOAN FUNDS

SHAKESPEARE LOAN FUND

The Shakespeare Club is the oldest literary organization in Dillon; it is composed of women who reside in this vicinity. They have generously provided a fund to assist second year students unable financially to meet all the expense of attending college. Loans are made to worthy students in accordance with regulations approved by the Club. Applications for loans should be made to the president of the Normal College, who acts as treasurer of the fund.

STATE NORMAL COLLEGE ALUMNI LOAN FUNDS

A fund has been provided by graduates of the State Normal College for the purpose of assisting students who are unable to continue their studies in the second year without financial aid. The class of 1922 has established a special loan fund of several hundred dollars. The alumni funds are loaned upon the same conditions as the Shakespeare fund.

THE SAMUEL P. WELLS LOAN FUND

This fund was established by Samuel Pitts Wells, a graduate of this institution, class of 1907, for the purpose of aiding worthy students to complete a course in the Normal College.

This fund will be available for those in the first or second year who are in need of financial assistance and particulars in regard to it may be obtained by addressing an inquiry to the president of the Normal College.

THE TEACHERS' SERVICE DIVISION

This department includes extension classes and correspondence study.

CORRESPONDENCE STUDY COURSES

Credits

All courses completed by correspondence study are given the same credit as if taken in residence at the State Normal College. The amount of credit is indicated in the list of courses in the Bulletin.

Second, first and professional grade and state certificate subjects with the exception of reading, spelling and grammar may be completed by correspondence. High school work may also be completed in this way.

In some courses, Reading Circle books are used as texts. In these, Reading Circle credit will be given.

Expense

The fee for correspondence work is $2.50 per credit, payable when application for the course is made. This fee includes postage upon lessons returned by the College, the student paying postage upon all lessons sent in. Textbooks must be supplied by the student. No fee is refunded because of a student's failure to complete the work for which he is registered. If an application for correspondence work is not approved by the State Normal College, the fee will, of course, be returned to the applicant. Lists of books used will be sent when application is received. For further information send for correspondence study bulletin.

ORGANIZATION OF INSTRUCTION

Courses required for the diploma are listed on page 21 and in the pages which follow. Aside from the few restrictions indicated students are free to choose any elective work. Second year students are frequently able to discover fields in which their training is defective and to choose electives most needed or those most closely related to the work of grades in which they expect to teach.

Courses of Instruction

AGRICULTURE

PROFESSOR LEE R. LIGHT

1. Agriculture. 4 cr. Elective. Autumn, winter, spring, summer.

A study of elementary general agriculture with the purpose of preparing teachers to present the subject in rural schools. The State rural school course of study is carefully considered.

ARITHMETIC

INSTRUCTOR JOHN B. CLULEY

1. Arithmetic. 4 cr. Course 1 or 2 required. Autumn, winter, spring, summer.

Problem solving with emphasis upon method; examination and evaluation of drill devices and number games; use of standard tests and and measurements of attainment; observation of lessons in the training school; use of the state course of study. Specialization in work of lower grades.

2. Arithmetic. 4 cr. Course 1 or 2 required. Autumn, winter, spring, summer.

Content similar to that of course 1; method in work of upper grades.

3. Junior High School Mathematics. 3 cr. Elective. Summer.

Organization of Junior High School Mathematics; comparative study of Junior High School textbooks.

4. Trigonometry, Plane and Spherical. 4 cr. Winter.

DRAWING AND HANDWORK

INSTRUCTORS OLLIE E. RAGON, J. SCOTT WISEMAN

1. Public School Drawing. 4 cr. Required. Autumn, winter, spring, summer.

The elements of drawing; blackboard illustrative drawing; materials, course of study and methods adapted to use in grade and rural schools; observation of drawing classes in the training school; poster and drawing suggestions of the state course of study.

2. Blackboard Sketching. 2 cr. Elective. Winter, summer.

Designed to show the value of blackboard drawings and diagrams in the teaching of all school subjects and to give teachers confidence in their own ability in this field.

3. Poster Design. 3 cr. Elective. Autumn, summer.

Prerequisite drawing "course one" or its equivalent.

4. **Elementary Mechanical Drawing.** 3 cr. Elective. Spring.

Development of necessary geometric constructions; free hand lettering.

5. **Primary Handwork.** 2 cr. Elective. Autumn, summer.

Handwork problems of state course of study in primary grades.

6. **Intermediate Handwork.** 2 cr. Elective. Winter, summer.

Handwork projects suggested in state course of study for intermediate grades.

7. **Manual Training.** 2 cr. Elective. Spring, summer.

Woodwork, use and care of tools, mechanical problems and projects.

EDUCATION

PROFESSORS ROBERT CLARK, MARGARET CRAIG CURRAN, SHELDON E. DAVIS, LEE R. LIGHT, LINDEN McCULLOUGH
ASSISTANT PROFESSORS R. A. MACKIE, ELEANOR TROXELL
INSTRUCTORS NINA M. NASH, CLARK M. FRASIER

1. **Psychology.** 4 cr. Required. Autumn, winter, spring, summer.

A general course fundamental to an understanding of all work in education involving method, course of study, or management of pupils. Mr. Clark.

2. **Principles and Technique of Teaching.** 4 cr. Required. Winter, spring, summer.

Prerequisite a course in psychology. This course is devoted primarily to the teaching phases of school work. The general aims of education; the pupil as the subject and the curriculum as the subject matter of education; enrichment, elimination, local and general elements, minimum essentials, drill, instruction, appreciation, development, assignment, study, the recitation; the standard test idea and familiarity with use of a few best known tests. Classroom procedure observed in college and training school classes. Mr. Clark.

3. **School Management and Law.** 4 cr. Required. Autumn, winter, spring, summer.

Administrative terminology; school management and law. Mr. Light, Mr. McCullough.

4. **Observation.** 2 cr. Required. Autumn, winter, spring, summer.

By means of typed syllabi including outlines, suggestions, questions, problems and observation projects, each student is given opportunity to apply principles and standards presented in preceding courses through a planned series of visits to the training school. Participation, directed teaching and preparation of lessons plans insure

acquaintance with the teaching problems of succeeding courses. Mr. McCullough, Miss Nash, Miss Troxell.

5. Directed Teaching. 8 cr. Required during second year. Autumn, winter, spring.

Prerequisite, completion of education and subject matter courses of the first year and the work in observation, or equivalent preparation. Each student teacher does teaching in two of the following departments: kindergarten-primary, primary, intermediate, grammar grade and junior high school, rural. Time allotment and distribution among grades and subjects are planned in view of the professional needs of each student. Observation of expert teaching, immediately relevant professional reading, study of subject matter, participation and plan writing are among the types of activity which may be required in addition to classroom teaching itself. Semi-weekly conferences with training instructors and supervisors. Increased responsibility is given as teaching power develops. Teaching ideals and self-critical attitudes are fostered. Mr. McCullough, Miss Nash, Miss Troxell, departmental supervisors, training instructors.

6. Modern Education. 3 cr. Autumn, winter, spring, summer.

One hour a week during second year. Required. Lectures upon important modern educational movements; discussion of current events in education; each student required to prepare a carefully worked out paper during the year; Rousseau's Emile is read by each member of the class. The historical background is preserved in presenting the evolution of present educational institutions. Mr. Davis.

7. Primary Kindergarten Method. 4 cr. Autumn, winter, summer.

Organization and presentation of subject matter in the primary grades. The problems peculiar to teaching children the beginnings in each fundamental subject. General outline of the state course of study for the first three grades. Comparison and criticism of textbooks. Miss Troxell.

8. Intermediate Method. 4 cr. Autumn, winter, spring, summer.

Transition from primary to intermediate work; organization and presentation of subject matter in grades four, five and six. Examination, criticism and effective use of the adopted textbooks; the state course of study. Miss Nash.

9. Grammar Grade Method. 4 cr. Winter, summer.

Special problems in organization and presentation of subject matter in grades seven and eight. Economical use of the adopted textbooks and the state course of study. Special method studies in typical subjects. Mr. Frasier.

10. Rural School Method. 4 cr. Autumn, winter, summer.

Presentation of subject matter in all grades emphasizing applications to rural problems and conditions; Montana course of study, the alternation plan and use of adopted textbooks; devices to insure motivation of rural school work. Mr. Light.

11. Physiology and Hygiene. 3 cr. Required. Autumn, winter, spring, summer.

Summary of rudimentary facts of physiology necessary for general understanding of the principles of hygiene, sanitation and health control; public provisions for safeguarding health. The state course of study in hygiene and physiology. Mr. Clark.

13. History of Education. 4 cr. Elective. Summer.

Significant contributions of Greek, Christian monastic, scholastic and humanistic education; the education of chivalry; the teaching congregations, rise of cities, guilds, apprenticeship and the beginnings of modern public education; philanthropy in education, education in the United States. Mr. Mackie.

14. Educational Psychology. 4 cr. Elective. Summer.

Study of inborn tendencies; responses, interests and capacities; the learning process and methods of learning; the psychology of play and character formation; experimental and statistical method. Mr. Clark.

15. Supervision of Instruction. 4 cr. Elective. Summer.

An advanced course in supervision for experienced teachers. Miss Troxell.

16. Current Popular Psychology. 1 cr. Elective. Winter, summer.

Dreams; mind-reading, thought transference, psycho-analysis, psychology of the abnormal, psychology of deception. Mr. Clark.

17. Educational Measurements. 2 cr. Elective. Summer.

Methods used in establishing standards of public school attainment; advantages of scientifically derived norms; school surveys as applied to instruction. Mr. Davis.

18. Kindergarten Games. 2 cr. Elective. Autumn, summer.

Psychology of play; schoolroom and playground games; practice in directing the games of kindergarten and primary children. Miss Troxell.

19. Kindergarten Literature. 4 cr. (2 credits a quarter). Elective. Winter, spring.

Taken in connection with kindergarten teaching and participation. Intensive study and use of literature suited to small children. Miss Troxell.

20. Experimental Education. 4 cr. Elective. Winter.

Value of educational experiments; educational measurements; individual experiments carried on in classrooms, collateral reading and reports. Miss Troxell.

ENGLISH

PROFESSOR LUCY H. CARSON; ASSISTANT PROFESSOR R. A. MACKIE

INSTRUCTORS TESSIE M. DEGAN, ALICE RUSSELL, HILDA O. HENDRICKSON

1. Spelling. 1 cr. Required. Autumn, winter, spring, summer.

Study of syllabication, accent, pronunciation, phonics and diacritical markings; spelling scales and lists; diagnosis of typical errors; correction of composition and spelling papers of training school pupils; contests, games and other teaching devices exemplified in the work of the course. The state course of study is used. Students whose spelling in their written work persistently falls below the standard of ninety-nine per cent correctness are required to repeat this course until marked improvement results. Miss Russell.

2. Grammar. 4 cr. Required. Autumn, winter, spring, summer.

Technical grammar based upon minimum essentials. Students become familiar with grammar outline in the state course of study, and with textbooks used in Montana. Observation of lessons in the training school. Students are enrolled in lower grade or upper grade sections of grammar in accordance with the grade of teaching position for which they are preparing. Miss Carson.

3. Composition. 3 cr. Required. Autumn, winter, spring, summer.

Prerequisite a course in grammar. Oral and written exercises; sentence sense and a paragraph development; correction of errors, spoken and written; grading of papers from the training school; observation visits to language and composition classes in primary and intermediate grades of the training school. The state course of study in language is used. Miss Carson.

4. Reading and Literature in Lower Grades. 4 cr. Autumn, winter, summer. Course 4 or course 5. Required.

Students preparing to teach in primary or lower intermediate grades elect this course instead of course five. The general content is the same as that of course five with specific applications to work of the first three grades. Story telling adaptations of classics for telling to young children; methods of teaching beginners to read; word and phonic drills, use of blackboard and flash cards. Observation lessons in lower grades of the training school. Miss Russell, Miss Hendrickson.

5. Reading and Literature in Upper Grades. 4 cr. Spring, summer. Course 4 or course 5. Required.

Each student expected to read all basic and supplementary selections listed in the literature and reading outlines of the state course of study; oral and silent reading; rate of reading, standards and measurements; developing a taste for reading and the reading habit. Observation lessons in upper grades of the training school. Miss Russell, Miss Hendrickson.

6. Advanced Composition. 2 cr. a quarter. Elective.

Conducted in connection with the Normal College Index. Student editors and their assistants study a textbook in journalism, write and secure contributions, arrange material, read proof, write headlines, and assist in the general management. Miss Degan.

8. American Literature. 4 cr. Elective. Autumn, summer.

Colonial and first national period, including Irving, Poe, Bryant, and Cooper. Miss Carson.

9. American Literature. 4 cr. Elective. Winter, summer.

Poets and essayists of the second national period: Longfellow, Whittier, Emerson, Lowell, Holmes, Lanier and Whitman. Miss Carson.

10. American Literature. 4 cr. Elective. Summer.

Prose writing of the second national period and recent literature. Rapid reading of many works from contemporary American literature. Miss Carson.

11. English Literature. 4 cr. Elective. Spring.

A brief preliminary survey; types considered—the epic, the ballad, the tale, and the metrical romance. A detailed study of relatively few works, supplemented by rapid reading of many others, with discussion and reports. Miss Carson.

12. English Literature. 4 cr. Elective. Summer.

The drama and lyric poetry. (a) Intensive study of selected Elizabethan and modern English dramas; the reading of many other dramatic works; (b) Study of lyric forms, metrical poems selected from the works of Burns, Wordsworth, Shelley, Tennyson and Browning. Miss Carson.

13. English Literature. 4 cr. Elective. Summer.

English prose, particularly fiction, with consideration of the sketch and the essay; typical works, including representative contemporary novelists. Miss Carson.

14. Modern Drama. 4 cr. Elective. Winter.

A study of contemporary drama. Prerequisite, the required courses in English. Miss Carson.

15. Contemporary Fiction. 4 cr. Elective.

English and American fiction writers of the last fifty years, including Meredith, Hardy, James, Butler, Gissing, Moore, Conrad,

Wells, Chesterton, Galsworthy, Bennett, Phillpotts, Wharton, Sinclair. Survey of English fiction. Miss Carson.

16. Dramatics. 2 cr. Elective. Autumn, winter, spring, summer.

Fundamentals of reading; grouping and phrasing; body expression and voice training. Miss Hendrickson.

17. Dramatics. 2 cr. Elective. Autumn, summer.

Prerequisite, the preceding course or its equivalent. Platform work and preparation of reading for presentation. Miss Hendrickson.

18. Dramatics. 2 cr. Elective. Winter, summer.

Prerequisite, the first course in dramatics (16) or its equivalent. Voice training, public speaking, reading, programs and plays for children. Miss Hendrickson.

19. Dramatics. 2 cr. Elective. Spring.

Prerequisite the first course in dramatics (16) or its equivalent. Reading, public speaking, speech disorders, programs and plays for children. Miss Hendrickson.

20. Debating. 2 cr. Autumn, winter, spring, summer.

How to select and phrase a question, analyze a question to find the issues, value and record evidence, produce effective arguments, detect fallacies, refute arguments, brief a debate, methods of delivery, the ethics of debating, judging a debate. Students may elect six credits. Mr. Mackie.

HISTORY AND GOVERNMENT

PROFESSOR F. H. GARVER, ASSISTANT PROFESSOR
R. A. MACKIE

1. American History. 4 cr. Autumn, winter, spring, summer.

Required for students preparing to teach in primary or intermediate grades. An endeavor to estimate the debt our country owes to the civilization of Greece, Rome, Europe generally, and especially England; the state course of study, the literature of the subject necessary to sucessful teaching of history in grades below seventh. Mr. Mackie.

2. American History. 4 cr. Autumn, winter, spring, summer.

Required for students preparing to teach grammar grades.

A study of the history of the United States during the National period. The state course of study for the seventh and eighth grades will be reviewed in class, and attention given to outlining history for teaching purposes. Mr. Garver.

3. **American Government.** 4 cr. Required. Autumn, winter, spring, summer.

The elements of political science; actual workings of the Federal government; State and local government of Montana. Emphasis upon institutions developed during the last two decades; community civics in connection with study of the government of Montana. Mr. Garver.

4. **Economics.** 4 cr. Required. Autumn, spring, summer.

A study of the general principles of economics theory and of important economic and industrial problems. Mr. Garver.

5. **Sociology.** 3 cr. Elective. Winter, summer.

Introduction to the theory of society and of social development; an endeavor is made to direct students' attention to the large amount of magazine space devoted to sociological topics and to develop a critical and discriminating attitude in evaluating proposed remedial or ameliorating measures. Mr. Mackie.

6. **European History. 1500-1789.** 3 cr. Elective. Autumn.

After estimating the contributions of ancient and medieval history to modern, the development of modern nations and conflicting principles of the period will be emphasized. Mr. Mackie.

7. **The French Revolution and After. 1786-1862.** 3 cr. Elective. Winter.

A study of Europe through the French revolution to the middle of the nineteenth century. Growth of the principle of nationality and the rise and spread of democracy. Mr. Garver.

8. **Modern History. 1862-1921.** 4 cr. Elective. Spring, summer.

The aim of this course is to lay foundations for a correct understanding of present events. Mr. Mackie.

9. **History of Montana.** 2 cr. Elective. Summer.

A general course in the history of Montana, designed for teachers, especially those from other states, who are not acquainted with the subject, plans for the study of local history, illustrated with the story of this commonwealth. The events, the literature produced, and climatic and geographic influences are studied; lectures on historical sites of Montana and excursions to Bannack and Virginia City; the use of local history and background in vitalizing instruction. Mr. Garver.

10. **Current Events.** 1 cr. Elective. Summer.

A study of current events designed to give the student an acquaintance with the best periodical literature dealing with political and economic questions of the day. Plans for relating current events with history instruction. Mr. Garver.

HOME ECONOMICS

ASSISTANT PROFESSOR VELMA PHILLIPS
INSTRUCTOR MARIAN LEACH

1. Foods. 3 cr. Elective. Autumn, summer.

A comprehensive course in food preparation, care and serving. Emphasis upon choice of food, nutriment values, place in diet and relative costs. Preparation of school lunches and food for the sick. Miss Phillips.

2. Clothing. 3 cr. Elective. Autumn, summer.

Choice of clothing, elementary facts and standards of costume design and textiles from the consumer's viewpoint. Economical and suitable clothing for school children. Miss Leach.

3. Food Principles. 3 cr. Elective. Spring.

Prerequisite, a course in chemistry. Chemical nature and nutritive functions of foods, and detailed study of nutrition. Economy in meeting needs of the family. Methods of teaching foods and nutrition in the elementary schools. Practical nutrition clinic work. Miss Phillips.

4. Household Management. 3 cr. Elective. Winter.

Origin of family and home, relation of home to community, house decoration, house sanitation, management of time and income, the budget. Miss Phillips.

5. Advanced Clothing. 3 cr. Elective. Winter.

Dressmaking, textile chemistry and its practical application. Economical and suitable clothing for school children. Methods of teaching clothing in the elementary schools by the regular grade room teacher. Miss Leach.

6. Millinery. 2 cr. Elective. Spring.

This course includes pattern cutting for frames, coverings, and trimmings; the making of wire, crinoline, net, buckram, and willow frames; covering frames for winter and summer hats; consideration of types of hats; their appropriateness and becomingness. It also includes shop methods and production of original designs. Miss Leach.

LIBRARY ECONOMY

INSTRUCTOR LILIAN R. FREE

1. Library Economy. 1 cr. One quarter. Required. Autumn, winter, spring, summer.

Relation between the library and the school. The use and value of the card catalog, dictionaries, encyclopedias and reference books in general use; book selection and book buying; preparing books for the shelves; classification, accessioning, cataloging; reference work, preparation of bibliography; selection and care of public school libraries. Mrs. Free.

MUSIC

INSTRUCTOR PAULINE VAN DE WALKER

1. Public School Music. 3 cr. Required. Autumn, winter, spring, summer.

The elements of music, rote singing and sight reading; acquaintance with songs suitable for each grade of the elementary school; direction of chorus work and observation of music classes in the training school. Miss Van de Walker.

2. History of Music. 3 cr. Elective. Autumn, summer.

A study of the development of music. Vocal and instrumental illustrations of the important forms of music; special attention to present tendencies among living composers. Miss Van de Walker.

3. Music Appreciation. 3 cr. Elective. Winter, summer.

A course designed to develop power of intelligent listening. Distinction between good and bad music; a study of the value of music in all phases of life. The leading forms of musical composition analyzed. Extensive use of the victrola to illustrate all studies. Miss Van de Walker.

4. Voice Culture. 3 cr. Elective. Spring.

Care and correct use of vocal organs, proper breathing and effective enunciation. Tone study, placing of tones. Study of ensemble singing and solo work. Miss Van de Walker.

5. Chorus Singing. Elective.

The chorus meets at least twice a week. For satisfactory work a half credit is given each quarter; no credit is recorded for less than two terms of participation in the chorus. Miss Van de Walker.

INSTRUMENTAL MUSIC

INSTRUCTORS MARGARET P. TELLO, HELEN FINCH, ...ASSISTANT

It is the aim of the department to lay a correct and thorough foundation, and so to train pupils that they may be able to portray the finer feelings which are the swaying forces of all good performances.

Students' recitals are given at appropriate intervals, thus giving the pupil opportunity to become accustomed to public performances.

Terms

A course of 12 lessons in piano.....$18.00
A course of 12 lessons in voice culture.....$18.00
A course of 12 lessons in harmony (in class).....$18.00
A course of 12 lessons in organ.....$18.00
A course of 12 lessons in pipe organ.....$18.00
A course of 12 lessons in violin.....$12.00
Lessons given by piano assistant, $12.00 per course.

Tuition for these courses is payable in advance and no deduction can be made for lessons missed unless in case of protracted illness or unless arrangements are made with the instructor. A large stock of music covering all requirements is kept on hand to be sold by the instructor. Accounts for this are mailed the first of each month. Rate for piano rental is $1.00 per month, one practice period per day:

Piano or violin may be taken as part of a regular student program in accordance with the provisions noted below:

1. For one private lesson and five hours practice per week, two credits per quarter.
2. For two lessons and ten hours practice per week, four credits per quarter.
3. For two lessons per week in harmony, one credit per quarter.
4. For two lessons per week in ensemble playing, one credit per quarter.

Harmony and ensemble playing may be elected only by advanced students. No advanced standing will be given for piano lessons unless taken for credit in an institution of college grade. No student may earn more than six credits in instrumental music during any quarter, and a total of twelve credits may be elected. Credits earned during a nine weeks summer session must conform quantitatively with the foregoing standards.

10. **Piano.** Credit varies. Elective.
11. **Voice.** Credit varies. Elective.
12. **Harmony.** Credit varies. Elective.
13. **Organ or pipe organ.** Credit varies. Elective.
14. **Violin.** Credit varies. Elective.
15. **Orchestra.** Elective.

For satisfactory work as a member of the College orchestra, a half credit is given each quarter; no credit is recorded for less than two terms of participation in the orchestra.

Students may continue as heretofore to elect piano without college credit.

PENMANSHIP

INSTRUCTOR LUCRETIA SNYDER KNUDSON

1. **Penmanship.** 1 cr. Required. Offered every quarter.

Palmer system used. Methods of teaching consciously exemplified and studied. Observation of penmanship classes in the training school and grading of pupils' written work; the state course of study in penmanship. Students whose written work persistently falls below the standard of the Ayres scale quality 70 (Thorndyke eleven, Palmer eighth grade standards) will be required to repeat this course. Mrs. Knudson.

PHYSICAL EDUCATION

INSTRUCTOR ADELAIDE MILLER

1. Physical Education. Two quarters required, for which one credit is given. Individual growth and development are primary consideration. Marching, floor work, corrective exercises, athletics. Physical examinations and posture tests.

2. Physical Education. Two quarters required for which one credit is given. Plays and games for elementary school pupils. Participation in directing games and playground activities. Lectures, required reading and preparation of a notebook. In courses 1 and 2 each student elects participation in one or more athletic activities—tennis, volley ball, basket ball, interpretive dancing, baseball, field or track.

SCIENCE

PROFESSOR J. FORD McBAIN

1. Geography. 4 cr. Required. Offered every quarter.

General principles; geography of the United States through type studies and problems; detailed study of Montana; use of contour and relief maps, the blackboard, globes, pictures, stencils and other aids in teaching geography; geographical readers and supplementary material; the adopted textbook and the state course of study; observation lessons upon the use of aids and devices in the training school. Mr. McBain.

2. Commercial and Industrial Geography. 3 cr. Elective. Winter, summer.

Study of the influence of geographical conditions upon the development of industry and commerce; geographic control of industry, trade, raw material and food supply. For teachers in grammar grades and junior high school. Mr. McBain.

3. Physiography. 4 cr. Elective. Spring, summer.

Laboratory subject. Forms of the earth's surface and processes by which they are changed; atmosphere and climate; influence of geographical factors upon the distribution of peoples, modes of living, industries and institutions. Field trips to illustrate methods of utilizing the opportunities of studying physical geography. Mr. McBain.

4. Physics. 6 cr. Two quarters work. Elective. Autumn.

Laboratory subject. A college course for students who have not had physics in the high school. Special emphasis upon application of the principles of physics in teaching grade and rural school subjects. Mr. McBain.

5. Chemistry. 6 cr. Two quarters work. Elective. Autumn, winter.

Laboratory subject. Fundamental principles and laws of chemistry, metallic and non-metallic elements. Special attention to chemical processes involved in common things of every day life. Mr. McBain.

6. General Science. 6 cr. Elective. Winter, spring, summer.

Prerequisite high school or college course in physical and natural science. A study of physical and natural sciences and their application in teaching subjects of the elementary school or junior high school curriculum. List of projects for pupils in grades, use of local material, visits to the training school, field trips, examination of textbooks in general science. Mr. McBain.

7. Geography of Europe. 3 cr. Elective. Autumn, summer.

Geography of Europe through type studies and problems, with special attention to geographical result of the great war, new countries, and boundaries, with a comparison of industrial conditions before the war and at present. Prerequisite Geography I. Mr. McBain.

8. Geography of Montana. 2 cr. Elective. Winter, summer.

Detailed study of geographical features which have developed industries. Montana geography in graded and rural schools. Mr. McBain.

The Summer Session

The summer session differs from the terms of the regular school year in the greater number of courses offered, the increased attendance, and in the character of the student body which is composed largely of experienced teachers. A training school is maintained. The work of the summer school is regularly organized, the amount of credit per week being the same as during the other terms. A series of lectures by prominent educators is a valuable feature of the summer school.

The summer session of 1922 continued nine weeks at Dillon and for terms of equal length at the regional schools for teachers held at Lewistown and Miles City, and an affiliated regional summer school which was held at Billings. Nine weeks summer sessions will be held in 1923 at Dillon, Lewistown, Miles City, and Billings. These sessions begin June 18 and close August 17, 1923. Courses at the regional summer schools are of the same standard as those at the College and receive the same credit in every respect except that they do not count toward satisfaction of residence requirements for the diploma.

Register of Students
1922-1923

SECOND YEAR STUDENTS (College Sophomores)

NAME	Town	County
Albrecht, Elsa Lillian	Somers	Flathead
Anderson, Pearl Eunice	Philipsburg	Granite
Bettle, Margaret Annabel	Myers	Treasure
Bilile, Zelda May	Big Sandy	Choteau
Black, Clela A.	Cardwell	Jefferson
Blair, Lynette	Harlowton	Wheatland
Blake, Dorothy E.	Great Falls	Cascade
Blumer, Ruth	Terry	Prairie
Brittain, Frances Ruth	Billings	Yellowstone
Canty, Fern Iona	Ennis	Madison
Carey, Rebecca Alice	Anaconda	Deer Lodge
Carlson, Jennie	Basin	Jefferson

PUBLICATIONS of THE UNIVERSITY of MONTANA

Copies of the several series of the University of Montana Bulletin, of the University of Montana Circular, and of the University of Montana Syllabi may be obtained upon request from the President of the particular institution concerned. Copies of the University of Montana Studies and of the General Series of the Bulletin and of the Circular will be furnished from the office of the Chancellor of the University.

I. UNIVERSITY OF MONTANA BULLETIN

Each series of the Bulletin issued quarterly, and contains annual reports and catalogues.

1. General Series (Office of the Chancellor).
2. State University Series.
3. College of Agriculture and Mechanic Arts Series.
4. Experiment Station Series.
5. Normal College Series.
6. School of Mines Series.
7. Alumni Series.

II. UNIVERSITY OF MONTANA CIRCULAR

Each series of the Circular is issued at irregular intervals and contains various special announcements.

1. General Series (Office of the Chancellor).
2. State University Series.
3. College of Agriculture and Mechanic Arts Series.
4. Experiment Station Series.
5. Extension Service Series.
6. Normal College Series.
7. School of Mines Series.

III. UNIVERSITY OF MONTANA STUDIES

Issued quarterly, and contains the contributions resulting from the investigation and research in the several departments and divisions of the University, excepting those of the Agricultural Experiment Station, which are issued in the Bulletin.

IV. UNIVERSITY OF MONTANA SYLLABI

Each series contains outlines and syllabi of certain courses of instruction given at the several institutions.

1. State University Series.
2. College of Agriculture and Mechanic Arts Series.
3. Normal College Series.
4. School of Mines Series.
